PURCHASE AGREEMENT

Vertical Aviation Technologies, Inc., hereafter referred to as VAT, a Florida corporation, is the US manufacture of an experimental aircraft supplied in kit form for the homebuilder.

The supplied airframe requires inspection and certification by the Federal Aviation Administration (FAA) under provisions of the Federal Aviation Regulations (FAR's). Purchaser of the Hummingbird helicopter kit has read and thoroughly understands the FAR's as they apply to aircraft in the experimental category.

The kit, when properly constructed, will reproduce the successful original aircraft. VAT and all Vertical sales representatives are not responsible and makes no warranties, express or implied whatsoever, regarding the performance, flight characteristics, structural integrity or safety of the purchaser's completed aircraft and its component parts. Purchaser understands and agrees that there are many factors that affect the design integrity of his or her particular completed aircraft including design requirements for engine and drive systems and requirements for aerodynamic and center of gravity characteristics. VAT reserves the right to make recommended revisions in the plans and construction of the aircraft without liability to VAT as such revisions may be deemed advisable from time to time.

ACCIDENT LIABILITY

Purchaser understands and agrees that there are many factors outside the control of VAT that can significantly affect the safe operation of the aircraft. Such factors include the quality of construction by purchaser or others, maintenance procedures and repairs. VAT does not warrant the integrity of component parts once they leave VAT's facility. Purchaser agrees to inspect all components prior to assembly for shipping and other damage.

Purchaser accepts sole responsibility for the construction and operation of the aircraft constructed by him/her. Due to the many factors beyond VAT's control, purchaser releases VAT, and all sales representative from any liability for any bodily injury or property damage arising from his or her construction, maintenance and use of any Hummingbird aircraft. Purchaser understands and agrees that the cost of the airframe kit would be substantially higher should such condition not be made.

Purchaser understands that proprietary information concerning the aircraft kit is supplied to him/her by VAT for him/her and only his/her express use in construction of the aircraft. This includes the aircraft part and design features and all written assembly documentation. This material will not be copied by purchaser for any use other than his/her own, nor will he/she allow any other persons to copy this material.

ADDRESS OR OWNERSHIP CHANGE

It may be necessary for VAT or its sales representative to communicate with purchasers from time to time on information relating to safety, changes in design, construction and operation. Thus, purchaser understands and agrees to notify VAT of any change of address or change of ownership of the aircraft whether completed or not.

I have read, understand and agree to comply with the conditions of sale for the Hummingbird helicopter kit from Vertical Aviation Technologies, Inc.

PAYMENTS AND REFUNDS

Orders for Hummingbird helicopter kits will be entered by the date of receipt of signed purchase agreement and deposit. All delivery dates are based on orders received. Kit serial numbers will be assigned immediately prior to kit delivery following receipt of full payment.

A deposit of 50% is required for all orders. The deposit is 50% of the total kit price including options at your time of order and is non-refundable. The remaining 50% of the kit price is due at delivery. Upon notice of delivery buyer has 30 days to pay remaining 50% due. If buyer does not accept delivery (subject to all terms) within 30 days, the entire deposit will be forfeited. If buyer does not ship or pickup within 60 days then the kit will be considered forfeited and all right of ownership will be with VAT.

The kit price indicated on this order form is subject to change and should thus be verified prior to placing your order. **Kit pricing is guaranteed to original purchasers only.** Please phone, email or write to verify the current kit price.

VAT reserves the right to fully refund any deposit for any reason. This will then relieve VAT and any of its sales representative of any further obligation.

SHIPPING

All shipping cost are at buyers expense, shipping FOB (freight on buyer) from VAT's U.S. facility. Standard shipping is by motor freight (except overseas) and all shipping charges are collect. All standard crate fees are additional.

Upon receipt of your order with deposit, you will be notified by mail of the estimated shipment date of your Hummingbird helicopter kit. Purchaser must understand that this is only an estimate and the actual shipment date may be advanced or delayed. Shipment advances will be made only with purchaser approval.

Kit orders requesting specific delivery dates are subject to VAT approval. Kit orders requesting earliest convenient delivery date will be shipped as soon as possible.

INSPECTION

VAT is very careful to assure that the order if filled correctly and shipped securely. However, it is your responsibility to inspect your kit immediately upon arrival, checking against the part lists and for shipping damage. If there are any discrepancies in your order you must notify VAT within 30 days of receipt for any adjustments.
